

Subaru Fast Road Suspension Systems

For many years, EXE-TC have been supplying suspension systems all over the world, for many applications. Supplying sets for many championship-winning teams over the years - EXE-TC has led the way with development of unique and uncompromised suspension systems for a select number of platforms.

Low Friction Struts

From our rally systems, we are now proud to offer a completely unique system, reducing the inherent friction in the traditional MacPherson strut design, while maintaining the stable and consistent performance of the inverted damper setup.

Setup

Soft springs, and a unique damping characteristic allow for instant wheel release/drop out while still retaining control over the tyre movement - enhancing mechanical grip, increasing tyre life and producing a smoother ride. The sensitive damping and setup control the chassis and tyre movement to result in greater predictability, and ultimately confidence.

The road systems we offer feature 1-way adjustable dampers, affecting both compression and rebound, as well as a road-biased digressive characteristic. The ability of this adjustment allows the damper to cross multiple applications - from bumpy road use, to hard track use.

Top Mounts

Systems can be used with the standard OE Top Mounts. For increased precision, we offer a set of rally-spec. top mounts with solid spherical bearings, featuring camber and caster adjustment at the front.

Orders

All our products are designed and manufactured in the UK. Typical lead times range from 4-8 weeks. All systems are fully serviceable and rebuild-able by ourselves or a trained technician. Contact EXE-TC for more info.

MODEL	FRONT / REAR	PART NUMBER	SETUP	RETAIL
Subaru GC / GD	Strut / Strut	NS22-1008/1009	Fast Road - inc. top mounts	£ 3,795.00
Subaru GR	Strut / Shock	NS22-1010/1011	Fast Road - inc. top mounts	£ 3,325.00
BRZ / Toyota GT86	Strut / Shock	OT21-1008/1009	Fast Road - inc. top mounts	£ 3,325.00
TOP MOUNTS		RETAIL		
Subaru GC / GD		£ 625.00		
Subaru GR / BRZ / Toyota GT86		£ 580.00
